Online safety definition

ONLINE SAFETY IS BEING AWARE OF THE NATURE OF THE POSSIBLE THREATS THAT YOU COULD ENCOUNTER WHILST ENGAGING IN ACTIVITY THROUGH THE INTERNET.

CYBERCRIME DEFINITION

CYBERCRIME IS CRIMINAL ACTIVITY THAT IS COMMITTED USING COMPUTERS AND/OR THE INTERNET.

This month staff have taken part in Safeguarding CPD on the topic of online safety and cybercrime.

They used what they had learned and ran form sessions on the same topic.

Students took part in various activities. They learned about how to keep their password safe and discussed how they can stay safe online.

They looked at **CONTENT** they may be exposed to that may be illegal and/or inappropriate.

We considered **CONTACT** and how we could be subject to harmful online interactions.

We also considered how we **CONDUCTED** ourselves online and how we could act more appropriately.
